Industry Training by ARCIA

Microwave Engineering Masterclass

Trainer: Trevor Manning — *Director, Trevor Manning Global*

12.5 Hours | ARCIA Member = \$1320 +GST ; Non-member = 1650 +GST

Date: 24- 28 August, 2026 - [Book Now](#)

In this course, you will learn how to plan, design, and operate radio networks. At the end of this course, you will understand the overall microwave market with an update on current and future developments, including how to apply the latest planning standards.

Introduction to Radio Communications

Trainer: Chris Stevens — *Managing Director, CartGIS*

11.25 Hours | ARCIA Member = \$1320 +GST ; Non-member = 1650 +GST

Date: 9 - 13 November 2026 - [Book Now](#)

This course introduces students to radio communication and associated technologies. Modules include an overview of radio service as a transmission media, how transmitters and receivers work, and an overview of wave propagation and radio antenna systems.

Introduction to Digital Land Mobile Radio (LMR) Standards and Planning

Trainer: Chris Stevens — *Managing Director, CartGIS*

10 Hours | ARCIA Member = \$1320 +GST ; Non-member = 1650 +GST

Date: TBC [Accepting expressions of interest](#)

This course introduces the student to the digital LMR standards and technology. Modules include an overview of digital radio standards as a transmission media including the different standards, modulation, and vocoders.
